HASTA

ABOUT HASTA

HASTA is Aviyaan's dedicated performance theatre, created to celebrate the timeless power of live performance. Inspired by the expressive language of "Hasta" in classical arts — gestures that communicate emotion, story, and intention — the theatre embodies the essence of artistic expression.

HASTA serves as a platform for artists, performers, and cultural practitioners to share their craft in an intimate yet powerful setting.

Whether it is theatre, music, dance, poetry, storytelling, or experimental performances, HASTA is designed to create a deep connection between performer and audience.

At HASTA, every performance becomes an experience.
